Dear Greg,

## Re: Risk Management

As discussed, Hills Basketball Association is currently developing a risk management policy and will subsequently undertake a formal risk management assessment of our venue. In the interim, I trust the information below will satisfy your requirements.

- The playing area of the Hills Sports Stadium is well maintained with floors cleaned nightly and backboards and rings checked weekly. There is negligible risk to users as a result of faulty equipment.
- The Hills Basketball staff who will be in attendance during your event have all submitted the relevant child protection documents. There is negligible risk to participants as a result of inappropriate actions by Hills Basketball staff.
- Should you utilise Hills Basketball referees during your event, all officials will be qualified and of an appropriate standard for the level of competition. There is negligible risk to participants as a result of the actions of Hills Basketball referees
- Please find below our standard risk warning regarding injury:

*You should be aware that there are risks of injury associated with playing basketball, as there are with most sports. Risks will arise in the context of the activities of running, jumping, catching, throwing and guarding opposition players. While we aim to minimise risks, it is not possible to eliminate them all.*

While there is a moderate risk of injury to participants, the risk of anything other than minor injury is minimal. While we would expect you to have qualified first aid staff on duty throughout your event, several members of Hills Basketball staff who will be on the premises are first aid qualified.

Should you wish to make further inquiries on this subject, please don't hesitate to contact me.

Yours sincerely,

Steve Burke  
General Manager
