

RISK WARNING

Sporting Activities

AICES administers and convenes inter-school sporting activities in which many students from its members schools participate. Students participating in these sporting events take part in practice, trials and competitions.

AICES and its members expect students to take responsibility for their own safety during sporting activities by wearing compulsory safety equipment, by thinking carefully about the use of safety equipment that is highly recommended and by behaving in a safe and responsible manner towards team members, opponents, spectators, officials, property and grounds. AICES and its members also expect parents, spectators and other participants to behave in a safe and responsible manner, to comply with the AICES Code of Conduct and other AICES Policies to set a good example for the students.

While AICES and its members take measures to make the sporting activities as safe as possible for participants, there is a risk that students can be injured and suffer loss (including financial loss) and damage as a result of their participation in these sporting activities, whether at training or in actual events. Parents, spectators and officials could also be injured or suffer loss.

Injury can occur while the student, parent, spectator or official is engaging in or watching a sporting activity, or travelling to and from the event. The injury may result from a student's actions, the actions of others, the state of the premises or from equipment failure.

On some occasions, an injury can be serious (such as torn ligaments, dislocations, back injuries, concussion or broken bones). In very rare cases an injury can be life threatening or result in permanent disability. If a student, parent, spectator or official has a pre-existing injury, participating in a sporting activity could result in an exacerbation of that injury.

AICES does not carry personal (individual) injury insurance and all medical costs resulting from injury at AICES or CIS events are the responsibility of individual schools or families.

Students, parents, spectators and officials could also suffer loss as a result of their personal property being lost, stolen, damaged or destroyed.
